

## CURRICULUM VITAE

**Name:** J. Philip Boudreaux, MD, FACS  
LSU Healthcare Network  
200 West Esplanade, Suite 200  
Kenner, LA 70065  
Office: 504-464-8500  
Fax: 504-464-8525  
Email: [jboudr4@lsuhsc.edu](mailto:jboudr4@lsuhsc.edu)

**Title:** Professor of Surgery  
LSUHSC School of Medicine  
Department of Surgery  
Director of Liver/Pancreas  
Transplant Programs

Director, Transplant Program  
Children's Hospital  
200 Henry Clay Avenue  
New Orleans, LA 70118  
(504) 899-9511

### Education:

1970 - 1974 Degree – BS – Magna Cum Laude (Microbiology)  
Louisiana State University, Baton Rouge, Louisiana

4/74 – 5/13/78 Degree – MD – Louisiana State University  
School of Medicine, New Orleans, Louisiana

7/1/78 – 6/30/79 Internship – Straight Pediatrics  
St. Jude Children's Research Hospital, Memphis, Tennessee

7/1/79 – 6/30/84 Residency – General Surgery, Louisiana State University  
Affiliated Hospitals, Charity Hospital, New Orleans, Louisiana

06/1982 – 12/1982 Pediatric Surgery Research Fellow  
Pittsburgh Children's Hospital, Pittsburgh, Pennsylvania

12/1/84 – 3/31/86 Organ Transplantation Immunology Fellowship  
University of Minnesota, Minneapolis, Minnesota

### Board Certifications:

American Board of Surgery, General Surgery – 2/85, Recertification – 10/2005  
American Board of Surgery, Critical Care Boards – 9/91, Recertification – 7/2001

### Special Surgical Interest:

Liver, pancreas, kidney transplantation, organ donation, hepatobiliary and pancreatic surgery, radio frequency ablation of liver tumors. Surgical treatment of neuroendocrine tumors, carcinoids.

### Academic Positions/Appointments:

Locum Tenens, General Surgery, Savoy Memorial Hospital, Mamou, LA 7/1984 - 12/1984  
Clinical Instructor, General Surgery, Louisiana State University School of Medicine, New Orleans, Louisiana 1983 - 1984  
Assistant Professor of Surgery, University of Texas Medical Branch, Galveston, TX, Department of Surgery, Division of Transplantation, Director Pediatric & Pancreas/Kidney Transplant Programs 1986 - 1990  
Clinical Associate Professor of Surgery, Louisiana State University School of Medicine 1/1990 – 06/1993  
Associate Professor, Department of Surgery, Louisiana State University School of Medicine, Division of Transplantation, Director, Liver, Pancreas/Kidney Transplantation Program 1993 - 06/1997  
Professor of Surgery, LSUHSC/Transplant Institute of New Orleans, Division of Transplantation, Director, Liver, Pancreas/Kidney Transplantation Program 07/1997 - Present

**Professional Appointments:**

Children's Hospital, New Orleans, Louisiana  
Director of Transplant Program 04/1994 - Present  
Transplant Institute of New Orleans, Lindy Boggs Medical Center/LSUHSC  
Director of Liver & Pancreas Transplantation 1993 - 2005  
Ochsner Medical Institution, New Orleans, Louisiana  
Director Pancreas/Renal Transplantation Program 7/1990 – 7/1993  
Director, Liver Transplantation Program 1/1992 – 7/1993  
Louisiana Organ Procurement Agency (LOPA)  
Medical Director – 1992, 1994, 1995  
Advisory Board – 1995 to 1996  
Board of Directors – 1996 to present  
Vice President – 1996 to 1998  
President – 1999 to 2001  
Treasurer – 2002 to 2004  
Instructor, General Surgery Board Review Course, Osler Institute 1989 – 1994  
United Network of Organ Sharing (UNOS)  
Scientific Advisory Committee  
Region 3 Representative, Kidney/Pancreas Committee  
Liver Regional Review Board of Region 3  
American Board of Surgery  
Examiner, Certifying examinations 1995 – 2005  
American College of Surgeons  
Committee on Applications 1995 – 2005  
Staff Physician, Savoy Medical Center, Mamou, Louisiana 07/1984 – 12/1984

**Attending Physician (Current)**

Children's Hospital  
Ochsner Medical Center - Kenner  
Tulane Hospital and Clinic

University Hospital Ethics Committee  
Children's Hospital: Critical Care Committee  
Hospital Committee/Administrative  
Elected as Region 3 representative to the federally affiliated, United Network for  
Organ Sharing (UNOS) for the Kidney/Pancreas Committee, 1995-1996.  
LSUMC Dean's Search Committee 1996  
LSUMC Representative, Board of Supervisors,  
Louisiana Organ Procurement Agency

**Awards/Honors:**

20 – Year Service Award, Military Affiliate Radio System (MARS), 1996  
The Southern Surgical Association, 2003

**Professional Society Memberships:**

Southern Surgical Association  
Fellow, American College of Surgeons  
North American Neuroendocrine Tumor Society – Charter Member  
American Society of Transplant Surgeons, appointed to Membership Committee  
The Transplantation Society  
International Liver Transplant Society  
American Society of Transplantation  
Society of Critical Care Medicine  
American Medical Association  
Southwestern Surgical Society  
Southeastern Surgical Society  
Southern Medical Association  
Galveston County Medical Society  
Singleton Surgical Society  
Orleans Parish Medical Society  
Trauma/EMS Committee  
New Orleans, Surgical Society  
Louisiana State Medical Society  
Louisiana Surgical Society  
James D. Rives Surgical Society  
Medical Amateur Radio Council

**Community Service/Development of New Programs:**

Hurricane Katrina: performed field hospital work, emergency radio communications, and  
Set up "MASH" field hospital in Baton Rouge  
Member of American Radio Relay League  
Member of Galveston Amateur Radio Club  
Member of New Orleans Amateur Radio Club  
Military Affiliate Radio System - Member 20 years  
UTMB Disaster Communications Radio Operator  
Strand Street Dixieland Band, Galveston (Drummer)

Louisiana State University Medical Center Concert Orchestra,  
Charter Member (Instrument: Percussion) 1974 - 1978

Pancreas Transplantation - Began the first clinical program in Texas at the University of Texas (UTMB). Galveston, and in Louisiana, Ochsner Clinic and LSU Health Sciences Center.

Established the Childrens' Hospital Transplant Program, New Orleans, LA

**Community Service/Development of New Orleans:**

Development of the surgical procedure and protocols for a multiple-organ donor recovery team at UTMB for kidney, liver, pancreas and heart removal, and again at LOPA (Louisiana Organ Procurement Agency).

Development of a computerized relational database to record and track the results of over 1000 transplants performed at UTMB, used for clinical management decisions on a daily basis, as well as for analytical research purposes. This system links offices of the transplant surgeons, transplant coordinators, nephrologists, tissue typing laboratory, and clinical labs.

Performed the first pancreas transplant in Texas (1988); the first pancreas/kidney and liver/kidney transplants in Louisiana (1990); and the first living related liver transplants in Louisiana (1992).

Obtained IRB approval and introduced technology to allow University Hospital to measure levels of a new immunosuppressive drug (Prograf, FK-506) for transplant patients.

Instituted the Pancreas Transplant Program at Ochsner Medical Institutions, 1990.

Instituted the Liver and Pancreas Transplant programs at Louisiana State University School of Medicine at University Hospital, New Orleans - 1993, 1994.

Instituted the Renal and Liver Transplant programs at Children's Hospital, New Orleans - 1995, obtained UNOS approval, and Medicare/Medicaid certification for the programs.

Performed the first pancreas transplant in Louisiana; the first double transplant in Louisiana (liver/kidney), the first reduced-sized liver transplant in Louisiana.

Over 80 public speaking engagements regarding organ donation and transplantation.

Instituted and obtained UNOS approval for the Liver and Pancreas Transplant Programs at Memorial Medical Center (formerly Mercy & Baptist Medical Center) 1996, and performed the first successful transplants there.

Developed the protocols for identification and use of expanded criteria cadaver organ donors in Louisiana (i.e. organ donors less than 5 years, greater than 55 years of age) resulting in an additional 600 organs recovered for transplantation in Louisiana, 1991 - 1995.

Participated as Charter Member to organize the Louisiana Renal Physicians Association, May 1994.

South Eastern Organ Procurement Foundation (SEOPF), elected to Liver Committee and Kidney/Pancreas Committee as a member, co-wrote protocols to establish Inter-Regional Share agreements for kidney/pancreas and liver donors among ten southeastern states.

Appointed to Task Force by DHS Secretary, Bobby Jindal, and Governor Foster, regarding Organ Donation and Transplantation in Louisiana. Assisted Louisiana delegation in drafting Federal Legislation supporting fair and equitable distribution of organs.

Testified before Louisiana State Senate and House in Support of H.B. 99 regarding organ allocations to Louisiana recipients, March and April, 1998.

**Educational and Advisory Boards:**

Southeastern Organ Procurement Foundation, Liver Committee; Pancreas/Kidney Committee  
American Society of Transplant Surgeons, Membership Committee (1992 - to date)  
End Stage Renal Disease Network of Texas (ESRD Network 14) Medical Review Board.

**In Press:**

1. Kumar P, Chandrahassa U, Vitalpur G, Bhatnagar D, Boudreaux JP, Frey DJ, Jerius J, Arora B, Wiley K, O'Brien R, and Mercante D: Influence of Parity on Rejection and Graft Loss in Primary Renal Transplantation. Submitted to *Transplantation Proceedings*, 2003.

**Research:**

1. Boudreaux JP, Anthony L, Woltering E. An Open Label, Stratified, Single-Arm Phase II Study of RAD001 in Patients With Advanced Pancreatic Neuroendocrine Tumor (NET) After Failure of Cytotoxic Chemotherapy. Sponsor: Novartis.

**Accepted for Publication:**

1. Kumar P, Chandrahassa U Boudreaux P, Frey D, Mercante D: Renal Allograft Outcome In Multiparous Women. Accepted in *Journal of Investigative Medicine*.
2. Silverstein, D., LeBlanc, P., Hempe, J., Ramcharan, T., Boudreaux, J.P., Tracking of Blood Pressure and Its Impact on Graft Function in Pediatric Renal Transplant Patients. Accepted in *Pediatric Transplantation*.

3. Silverstein, D., Mitchell, M., LeBlanc, P., Boudreaux, J.P., Assessment of Risk Factors For Cardiovascular Disease In Pediatric Renal Transplant Patients. Accepted in Pediatric Transplantation.

**Books and Book Chapters:**

1. Living Related Kidney Donation, Handbook for Donors. Straatman, D.; Boudreaux, J. P.; Fish, J. C.; UTMB - 1987.
2. Going Home after Kidney Transplant - Patient Handbook. Straatman, D.; Boudreaux, J. P.; Fish, J. C., UTMB - 1987.
3. Transplant Program, The University of Texas and Galveston Handbook for Referring Physicians; Boudreaux, J. P.; Winsett, O. E.; Willoughby, N.; Fish, J. C.; UTMB - 1988.
4. Reversal of Acute Renal Allograft Rejection Following Cessation of Immunosuppressive Therapy. Reversal of Acute Renal Allograft Rejection, Case Study Series. Boudreaux, J. P.: Ortho Biotech Division, Raritan, New Jersey, 1988.
5. Kidney Transplantation, University of Texas Medical Branch Patient Handbook, Pre-transplant Education. Dutton, S.; Boudreaux, J. P.; Carson, R.; UTMB -1988.

**Abstracts/Posters:**

1. Pancreas transplantation improves transcutaneous oxygen measurements in the diabetic foot. Poster Presentation: International Business Communications, Diabetes Forum - Philadelphia, PA January 1992.
2. Successful Treatment of a Diabetic Patient with *Dactylaria gallopava* and review of the Literature. Poster presentation: Infectious Disease Society of America. 35<sup>th</sup> Annual Meeting, San Francisco, CA, September 15, 1997.
3. Influence of multi-parity on renal allograft outcome. American Federation of Medical Research and American Academy of Immunology: P Kumar, M.D., U Chandrasaha, M.D., D Frey, M.D., P Boudreaux, M.D., J Jerius, M.D., D Bhatnagar, D Mercante, PhD

**Presentations:**

1. Organ Transplantation - Past, Present, and Future. Guest speaker, Channel 12 Cable News Galveston, TX, January 7, 1987.
2. Organ Transplantation a UTMB Experience. Guest speaker, KGBC Radio, Galveston, TX, January 14, 1987.
3. Transplantation at UTMB. Guest speaker, Galveston Rotary Club, January 21, 1987.

4. Pancreas Transplantation at UTMB. Guest speaker, Channel 11 News, Healthwatch, July 28, 1988.
5. Reversal of Acute Renal Allograft Rejection Following Cessation of Immunosuppressive Therapy; and Reversal of Acute Renal Allograft Rejection, Case Study Series. Guest speaker, Ortho Biotech Division, Tempe, AZ, February 1988.
6. Identification and Management of Potential Organ Donors. Guest speaker, Network of Texas, UTHSCS, Teleconference broadcast, San Antonio, TX, January 14, 1989.
7. First Cure of Diabetic Man in Louisiana. Guest speaker, WWL-TV News, New Orleans, LA, March 1990.
8. Paper: Abdominal Aortic Aneurysm Repair after Renal Transplantation Without Extracorporeal Bypass. Presented 4<sup>th</sup> International Symposium on Organ Procurement and Preservation, Minneapolis, MN, April 1990.
9. Paper: Factors Influencing the Recovery of Extra-Renal Organs; Presented, 4<sup>th</sup> International Symposium on Organ Procurement and Preservation, Minneapolis, MN, April 1990.
10. Paper: Pancreatitis Necessitating Urinary Undiversion in a Bladder Drained Pancreas Transplant. Presented, 2<sup>nd</sup> International Congress on Pancreatic and Islet Transplantation, Minneapolis, MN, April 1990.
11. Pancreas/Kidney Transplantation; Guest speaker, National Renal Nurses Association Symposium on Transplantation, New Orleans, LA, September 1990.
12. Current Status Liver Transplantation. Guest speaker, Gastro Enterologist Technicians National Symposium, New Orleans, LA., October 1990.
13. Current Status of Pancreas/Kidney Transplantation, Guest speaker, Renal Social Workers National Symposium, New Orleans, LA, November 1990.
14. Transplantation Marathon, Seven Transplants in 24 Hours. Guest speaker, Channel 6 News, New Orleans, LA, November 1990.
15. Pancreas Transplantation Cures Diabetes. Guest speaker, Juvenile Diabetes Foundation Annual Meeting, New York, NY, February 1991.
16. Development of Pancreas Transplantation; South Eastern Surgical Congress. Guest speaker, New Orleans, LA, April 1991.
17. Identification of Potential Organ and Tissue Donor. Guest speaker, Louisiana Organ

Procurement Agency (LOPA) Required Request Seminar, Baton Rouge, LA. April 1991.

18. Surgical Procedure for Organ Donation and Transplantation. Guest speaker, Association of Surgical Technologist, 23<sup>rd</sup> Annual National Conference, New Orleans, June 1991.
19. Boudreaux, J.P. Gugliuzza, C.K.: Pancreas/Kidney Transplantation Improves Cutaneous Microcirculation. Presented at the 3<sup>rd</sup> International Congress on Pancreatic and Islet Transplantation and Symposium on Artificial Insulin Delivery Systems: Lyon, France, 1991.
20. Paper: Protocol Liver Biopsy after Orthotopic Liver Transplant; Presented, International Symposium On Transplant Monitoring, Jerusalem, Israel, June 1991
21. Paper: Benefit of Doppler Color Flow Imaging Immediately After Kidney Transplantation; Presented, International Symposium on Transplant Monitoring
22. Jerusalem, Israel, June 1991; and at The New Orleans Surgical Society - Spring Meeting, New Orleans, Louisiana, June 1991.
23. Required Request; Louisiana Hospitals Symposium on Organ Donation, Guest speaker, Lafayette, LA, June 1991.
24. Surgical Procedure for Organ Donation and Transplantation, Guest speaker, Association of Surgical Technologist, 23<sup>rd</sup> Annual National Conference, New Orleans, June 1991.
25. Pancreas Transplantation. Guest speakers Jo Allen Smith Hospital, Gretna, Louisiana, October 1991.
26. Advances in Kidney/Pancreas Transplantation. Guest speaker, National Nursing Conference by Contemporary Forums; New Orleans, LA, October 1991.
27. Transplants for Diabetics. Guest speaker, Touro Infirmery, New Orleans, LA, November 1991.
28. Boudreaux, J. P.; Gugliuzza, C. K.: Pancreas/Kidney transplantation improves cutaneous microcirculation. - Presented at 3<sup>rd</sup> International Congress on Pancreatic and Islet Transplantation and Symposium on Artificial Insulin Delivery Systems: Lyon, France, 1991.
29. Liver/Kidney/Pancreas Transplantation. Guest speaker, Savoy Medical Center, Mamou, LA, February 1992.

30. Current Status of Kidney/Pancreas/Liver Transplant. Guest speaker, Nephrology Consultants, Monroe, LA, February 1992.
31. Paper: Successful Liver/Kidney Transplantation Across ABO Incompatibility; Liver Transplantation - A Review of the First 134 Cases; Presented, Southwestern Surgical Congress, Scottsdale, AZ - April 1992.
32. Paper: Improved Results with Pancreas/Kidney Grafting; Presented, Southwestern Surgical Congress, Scottsdale, AZ - April 1992.
33. Paper: Fulminant Hepatic Failure, Hepatorenal Syndrome and Necrotizing Pancreatitis; Presented, The International Liver Transplant Society, Minneapolis, MN, April 1992.
34. Paper: Successful Liver /Kidney Transplantation Across ABO Incompatibility; Presented, The International Liver Transplant Society, Minneapolis, MN, April 1992.
35. Paper: Use of Liquid Vitamin E to Enhance Cyclosporine Absorption in Children after Liver Transplant; Presented, The International Liver Transplant Society, Minneapolis, MN, April 1992.
36. Paper: Decreased Incidence of Serious CMV Infection Using Gancyclovir Prophylaxis with Quadruple Therapy on Pediatric Liver Transplant Recipients. Presented, The International Liver Transplant Society, Minneapolis, MN, April 1992.
37. Paper: Pancreatitis Post-Transplant Treated with Multiple Aggressive Debridements and Zipper. Presented, The International Liver Transplant Society, Minneapolis, MN, April 1992.
38. Paper: Percutaneous Pancreas Transplant Core Biopsy. Presented, The International Liver Transplant Society, Minneapolis, MN, April 1992.
39. Paper: Race & Liver Transplantation. Presented, The International Liver Transplant Society, Minneapolis, MN, April 1992.
40. Paper: Reduced Size Liver Grafting for Pediatric Recipients. Presented, The International Liver Transplant Society, Minneapolis, MN, April 1992.
41. Paper: Race and Liver Transplantation. Presented, American Society of Transplant Physicians, Chicago, IL, May 1992.
42. First Living Related Liver Transplants in Louisiana. Guest speaker, Channel 4 and 6 News. New Orleans, LA, July 1992.
43. Paper: Percutaneous Pancreas Transplant Core Biopsy. Presented, The III

Panamerican Congress of Dialysis & Transplantation, Caracas, Venezuela, September 1992.

44. Paper: Improved Results in a New Program of Pancreas/Kidney Grafting. Presented, Southern Medical Association, 86<sup>th</sup> Annual Scientific Assembly, San Antonio, TX, November 1992.
45. Paper: Reduced Size Liver Grafting for Pediatric Recipients. Presented, at Southern Medical Association, 86<sup>th</sup> Annual Scientific Assembly, San Antonio, TX, November 1992.
46. Transplant Updated for Primary Care. Guest lecturer, Ochsner Clinic Continuing Medical Education Program, Department of Internal Medicine, December 1992.
47. Recent Advances in Liver, Pancreas, and Kidney Grafting. Surgical Grand Rounds, Tulane University, New Orleans, LA, January 9, 1993.
48. Paper: Impact of Reduced Sized Liver Grafting in Louisiana; Presented, LA Chapter American College of Surgeons & Surgical Association of Louisiana, New Orleans, LA - January 23, 1993.
49. Donor Identification, Management, Organ Procurement, and Transplantation. Guest lecturer, LSU School of Medicine, Emergency Medicine residents and staff; New Orleans, LA, March 16, 1993.
50. Paper: Pancreatitis Post-transplant Treated with Multiple Aggressive Debridements and a Zipper; Presented, Texas Transplantation Society, Austin, TX, June 26, 1993.
51. Organ Donation and Transplantation. Guest lecturer, Slidell Memorial Hospital, Slidell, LA, July 1993.
52. Advances in Patient Selection and Transplantation of the Liver, Kidney and Pancreas; Guest speaker, Louisiana Society of Physician Assistants (LSPA), August 1993.
53. New Trends in Transplantation. Guest speaker, Southeastern Dialysis and Transplantation Association (SEDTA), XXVIII Conference, New Orleans, LA, August 28, 1993.
54. Organ Donation and Transplantation. Medical Grand Rounds, Southern Baptist Hospital, New Orleans, LA, October 1993.
55. Gulf Coast Diabetes Association; and Recent Advances in Pancreas/Kidney Transplantation. Guest speaker, Springhill Memorial Hospital, Mobile, AL, November 11-12, 1993.

56. Transplantation in Type I Diabetics. Guest speaker, BMA West Dialysis Unit, Mobile, AL, November 12, 1993.
57. Organ Donation in the E. R., Guest lecturer, ATLS Provider Course at Tulane University, New Orleans, LA, August 28 & 29, 1994.
58. Current Progress in Transplantation, Guest speaker, American Association of Kidney Patients (AAKP), New Orleans, LA, September 8-11, 1994.
59. Paper: Impact of Expanded Donor Pool in Louisiana. Presented, LA Chapter of American College of Surgeons, New Orleans, LA, January 21, 1995.
60. Organ Transplantation. Guest speaker, Children's Hospital Grand Rounds, New Orleans, LA, January 9, 1995.
61. Current Status of Organ Donation and Transplantation in Louisiana. Guest speaker, Doctors' Hospital, Opelousas, LA. January 18, 1995.
62. Donor Management and Criteria for Expanded Donors, Remote Recoveries. Guest speaker Southeastern Organ Procurement Foundation, UNOS Regions 3 and 11, Charleston, SC, January 27, 1995.
63. Recent Advances in Organ Donation and Transplantation. Ground Rounds, Doctor's Hospital, Opelousas, LA, February 2, 1995.
64. Current Donor Management Techniques. Guest lecturer, International Transplant Nurses Society, New Orleans, LA, February 8, 1995.
65. Management of Diabetes and Diabetic Complications in the Transplant Patient. Guest lecturer, The Transplant Institute, Chicago, IL, April 7, 1995.
66. The Diabetic Transplant Patient, Evaluation and Treatment, Pre and Post Transplant. Guest lecturer, The Transplant Institute, Chicago, IL, April 8, 1995.
67. Paper: The Risks, Benefits and Cost of Expanding Donor Criteria, a Collaborative, Prospective Study. Presented, American Society of Transplant Physicians, Chicago, IL, May 14, 1995.
68. Paper: Multi-center Analysis of the First Experience with FK 506 for Induction and Rescue Therapy after Transplantation. Presented, American Society of Transplant Surgeons, Chicago, IL, May 15, 1995.
69. Immunosuppressive Therapy in Solid Organ Transplantation. Guest lecturer, Memorial Medical Center, Critical Care Workshop, New Orleans, LA, May 25-26, 1995.

70. Current Status of Kidney, Liver and Pancreas Transplantation and Review of New Immunosuppressives. Internal Medicine Grand Rounds, LSU University Hospital, New Orleans, LA, June 16, 1995.
71. Ethics of Transplants. Guest lecture, LSU School of Medicine, Medical Conundrums, New Orleans, LA, August 16, 1995.
72. Organ and Tissue Donation, Recovery, and Transplantation: Issues and Answers 1995. Guest speaker, North Shore Regional Medical Center, Slidell, LA, November 15, 1995.
73. Paper: Development of Pancreas Transplant in Louisiana - A Multi-Institution Study. Presented, American College of Surgeons, LA Chapter, New Orleans, LA, January 9, 1996.
74. Organ Donation in Louisiana, Impact and Recent Advances in Kidney, Liver and Pancreas Transplantation. Guest Lecturer, Grand Rounds, University Medical Center, Lafayette, LA, January 10, 1996.
75. Current Status of Pancreas Transplantation. Guest speaker, Gulf Coast Diabetes Educators Annual Conference, Mobile, AL, March 15, 1996.
76. Organ Donation and Transplantation - Recycle Yourself. Guest speaker to gifted high school senior science class, Arch-Bishop Hannon High School, New Orleans, April 23, 1996.
77. Transplantation and Organ Donation for Children. Guest speaker, Calcasieu Medical Society, Lake Charles, LA, May 28, 1996.
78. Advances in Immunosuppression and Pediatric Transplantation. Guest lecturer, Chalmette General Hospital, Medical Staff, Chalmette, LA, June 6, 1996.
79. Advances in Organ Donation and Transplantation of the Liver, Kidneys, and Pancreas. Guest lecturer, Hospital Medical Staff, Charlotte, NC, June 12, 1996.
80. Current Concepts in Immunosuppressive Therapy. Guest lecturer, Medical Grand Rounds, Memorial Medical Center, New Orleans, LA, July 12, 1996.
81. Medical Management of the Heart-beating Organ Donor. Guest speaker, National Association of Transplant Coordinators (NATCO) Annual Congress, San Diego, CA, August 5, 1996.
82. Paper: Simultaneous Use of FK506 and Mycophenolate Mofetil in Pancreas and Kidney Transplant Recipients: A Multi-center Report. Presented, Congress of the

International Transplantation Society, Barcelona, Spain, August 25, 1996.

83. Paper: Development of Pancreas Transplantation in Louisiana - A Multi-institutional Collaborative Effort. Presented, Middle Eastern Congress on Transplantation in Developing Countries, Cypress, Greece, October, 1996.
84. Drug Interactions with the Newer Immunosuppressive Agents. Guest lecturer, Grand Rounds, Slidell Memorial Hospital, Slidell, LA, October 16, 1996.
85. Paper: The Impact of Creg HLA Matching on Graft Survival in Primary Cadaveric Renal Transplantation. Presented, Eastern Society for Pediatric Research, South Section, New Orleans, LA, January, 1997.
86. Pancreas: The Most Misunderstood Organ. Guest speaker, LifeGift's Fourth Annual Fall Workshop, Houston, TX, October 8, 1997.
87. Surgical Grand Rounds 1998-1999 (September 19, 1998), Louisiana State University Medical Center (LSUMC).
88. Transplant Surgery. Ground Rounds, Keesler Medical Center, AFB, Mississippi, December 18, 1998.
89. The Truth About Transplant, Guest speaker, Past, Present & Future, Ocean Springs, MS, March 26, 1999.
90. Surgical Grand Rounds. Guest speaker, J Philip Boudreaux, M.D., Surgical Liver". May, 2001
91. Organ Donation. Guest speaker, Calcasieu Medical Society, Lake Charles, LA. May 30, 2002.
92. Tumor Board Conference. Guest speaker, J Philip Boudreaux, M.D. Bile duct: Papillary adenocarcinoma with lymph node metastasis, February, 2002.
93. Transplant Festival. Guest speaker, J Philip Boudreaux, M.D. Kidney and Pancreas Transplantation: Follow-up Care. Sponsors: Fugisawa Healthcare 4w Transplant Unit, September 15 & 16, 2003.
94. Paper: Surgical Treatment of Advanced Carcinoid Tumors: Lessons Learned. Presented, Southern Surgical Association, Palm Beach, Florida, December 5-8, 2004.
95. Carcinoid Cancer Texas Survivors. Guest speaker, J Philip Boudreaux, M.D. Surgical Treatment for Advanced Stage Carcinoid – a New Paradigm". May 13, 2006
96. Tiger Care TV Show. Guest speaker, J Philip Boudreaux, M.D. Neuroendocrine

Tumors. New Orleans, LA. September 12, 2006

97. GI Lecture. Guest speaker, J Philip Boudreaux, M.D. Neuroendocrine Tumors. New Orleans, LA. October 20, 2006.
98. Surgical Perspective on Carcinoid. Guest speaker, J Philip Boudreaux, M.D. Sponsors: Novartis. Newark, New Jersey. March 19, 2007.
99. Tiger Care TV Show. Guest speaker, J Philip Boudreaux, M.D. Lumps In Your Liver. New Orleans, LA. March 27, 2007.
